

## Raising Attainment in Spelling

This practical one-day training course puts an emphasis on having fun whilst learning! Hampton Hargate School is working with TT Education to provide you with a wide variety of achievable ways to engage and inspire children to become independent spellers who take an active part in their own learning.

The training draws on the importance of investigations in the spelling process. It provides teachers with a wealth of proven ideas, games and approaches for you to use back in your classroom to help children become super spellers and accelerate their attainment.

*"Gosh... I've filled my action plan up and have put aside tomorrow to start implementing it all! A very pleasant and productive day which has given me all the answers I was looking for! Sorry for my over enthusiasm, I was just so inspired."*

*Alex Robbins, Deputy Head, Berkeley Primary School*

### Course objectives / outcomes

- Ensure children can apply their understanding of spelling to their independent writing
- Raise standards through the development of an interactive and engaging programme for the teaching and learning of spellings
- Learn how to engage and inspire children to become confident and independent spellers and proof readers
