**JOANNE**

**ORTON WISTOW PRIMAY**

**SPECIALIST LEADER of EDUCATION in DESIGN TECHONOLGY (DT)**

Joanne is a hardworking, creative and reliable member of staff. Over the past decade, Joanne has established various leadership qualities from various roles within middle and senior leadership, ensuring that she has progressed her own professional development at the same time. Having been a subject leader in a number of different curriculum areas, for the past decade, has also allowed her to hone skills and practices in order to gain the best attainment and achievement from all cohorts within London and Peterborough.

Being part of the Subject Leader team has been a focus for Joanne, who has outstanding leadership in Design Technology within her own school, and has also developed excellent coaching skills over the years. She is passionate about delivering an innovative, exciting and creative Design Technology curriculum through the use of her own considered long term plan and wants to inspire children to become enthused

leaders and learners for the future.

Seeing STEM as an opportunity to develop our children's creativity and reasoning skills, she has worked tirelessly within the borough to ensure that the curriculum areas have been taught and used to stimulate pursuits of wondering. Her mantra is that as educational professionals, we are accountable to the children, not accountable for them and we must encourage a thirst for knowledge in this 21<sup>st</sup> century to allow our children to develop and take their place in a growing, technological society.

**AREAS OF STRENGTH**

- DT
- STEM
- COACHING
- SUBJECT LEADERSHIP

**WORKING TOGETHER WITH OUR STRATEGIC**
