KEVIN
DOGSTHORPE ACADEMY
SPECIALIST LEADER of EDUCATION in PHYSICAL EDUCATION

Kevin is a physical education specialist, who trained at secondary level, but his expertise is now in primary PE. He is a responsible, hardworking and enthusiastic PE Teacher and coordinator. He has a great understanding and knowledge of the PE curriculum and use of Sports Premium. He also takes ownership of sport/physical activity based extra-curricular clubs, which he has developed and raised the profile and participation of over his 4 years in role.

As a passionate teacher and subject leader, he has, and continues to develop inspiration for PE and school sport within children and staff. He has stimulated many of the children to participate in physical activities that they have had little, or no experience of before, but as a result want to pursue as part of their lifelong engagement. He has built and established confidence and positive perspectives of physical education in his colleagues, through his eagerness to identify and address diversity and encourage positive physical experiences. He is confident in leading whole school, team and individual training and development opportunities and has recently carried out workshops including; teachers, midday supervisors, parents and TA's.

At the heart of his passion for his subject area is the desire and willingness to see children reach their full potential, build character and have fun within physical activity. He promotes this through planning and delivering engaging and vigorously active lessons, identifying and encouraging varied physical experiences, regular and detailed assessment and by increasing and offering opportunities for participation, competition and success.

WORKING TOGETHER WITH OUR STRATEGIC
